DIRECT CLUB

How it works.

We take 3D scans or impressions of your teeth at our office.

A SmileDirectClub-affiliated doctor prescribes your personalized treatment plan.

Your aligners are sent directly to you, all at once.

What happens on your Smile Journey™.

- Track your progress online or on the SmileDirectClub app
- Have virtual Smile Check-Ins™ with SmileDirectClub
- Access your Dental Care Team 24/7 to answer any questions

Why SmileDirectClub?

A smile you'll love, for life.

Early improvement

You'll start seeing results in as little as 60 days.

Fast finish

You'll get your new smile in as little as 4 months.

Lasting impact

Lifetime Smile Guarantee™ protects your new smile for life and includes free aligner touch-ups if need.

Total convenience.

Day or night

Two aligner schedules to choose from: 22 hours a day, or 10 continuous hours at night.

No waiting

You get all your aligners at once, so there's no wait to start your next set.

Virtual visits

Have virtual Smile Check-Ins™ with dental professionals, and access your Dental Care Team 24/7 via text, video chat, email, or phone.

SmileDirectClub costs 60% less than braces

Two ways to pay

Choose monthly payments of less than \$89/month for 24 months (with a \$250 deposit for a total of \$2,386) or a single payment of \$1,950.

Broad healthcare coverage

SmileDirectClub accepts most insurance plans, as well as FSA, HSA, and CareCredit funds.

Financing guaranteed

No credit checks or forms to fill out.

1: SmilePay™ is \$89/month for 24 months with \$250 deposit (\$2,386 total). APR varies.

2: "As little as 60 days" claim is based on survey results with customers who were in treatment with SmileDirectClub 22-hour-wear aligners where 80% said they saw movement within the first 60 days.

3: Typical SmileDirectClub treatment takes 4-6 months. See [SmileDirectClub.com/claims](https://www.smiledirectclub.com/claims) for details. Results may vary.

4: Lifetime Smile Guarantee™ requires ordering two sets of retainers per year to maintain the guarantee.

5: "60% less than braces" claim based on Single Pay vs. average total fees (including diagnostics and in-person exams) for treatment of mild-to-moderate malocclusion with braces as reported in a national survey of practicing orthodontists.

Before and happily-ever-afters.

Ready to see what SmileDirectClub will do for you?

For the longest time I was insecure with my smile. I thought I would never be able to do anything about it. Then I found SmileDirectClub. It was so convenient, even for a single mom! I never have to hide my smile again! Thanks, SmileDirectClub!

If anybody knows me, I'm very insecure about my teeth. BUT thanks to SmileDirectClub, I got some things straightened out. Guess that's something to smile about.
